# Presentation on Socio-Economic Survey Findings

#### PREPARATION OF DEVELOPMENT PLAN FOR FOURTEEN UPAZILAS

ISHWARGANJ UPAZILA AT MYMENSINGH DISTRICT, RAIPURA AND SHIBPUR UPAZILAS AT NARSINGDI DISTRICT

#### Location of Three Upazilas

## Overall Population and Households of Three Upazilas

| Upazila    | Population in Lakh | Households in Thousand |
|------------|--------------------|------------------------|
| Ishwarganj | 3.76               | 81.07                  |
| Raipura    | 5.36               | 110.52                 |
| Shibpur    | 3.04               | 65.09                  |

## Objectives of the Survey

The overall objective of this study was to map the socio economic status of the people in Ishwarganj Upazila of Mymensingh District, Raipura and Shibpur Upazilas of Narsingdi District.

#### **Context of Sustainable Development Goal (SDG)**

Goal-1: Poverty Elevation

Goal-2: Food Security

Goal-4: Education for All

Goal-6: Water and Sanitation Facilities

Goal-11: Resilient and Sustainable Settlement

Goal-13: Action against Climate Change outcomes

## Survey Method

Urban and Rural Area (Pourashava and Union)

Study conducted at Household Level

□ Sample Survey of Household

| Upazila    | Paurashava/ Union<br>Name | Household | Population |        |        |             |
|------------|---------------------------|-----------|------------|--------|--------|-------------|
|            |                           |           | Male       | Female | Total  | Sampling HH |
| Ishwarganj | Total                     | 81070     | 187217     | 189131 | 376348 | 743         |
| Raipura    | Total                     | 110520    | 258993     | 276803 | 535796 | 747         |
| Shibpur    | Total                     | 65094     | 148429     | 155384 | 303813 | 733         |

### Sampling Procedure

**The calculation of sample size:**  $n = \frac{z^2}{d^2} pq$ n = Sample size z = Statistical certainty chosen q = 1 - pd = precision desired : 0.05 p = Coverage rate/estim ated prevalenceFor Urban area of Ishwarganj Upazila For Rural area of Ishwarganj Upazila

$$n^1 = \frac{n}{1 + (\frac{n}{N})}$$

$$\Rightarrow n^1 = \frac{384}{1 + (\frac{384}{7068})}$$

$$n^{1} = \frac{n}{1 + (\frac{n}{N})}$$
  $\Rightarrow n^{1} = \frac{384}{1 + (\frac{384}{74,002})}$ 

743

 $\Rightarrow n^1 \cong 402$  $\Rightarrow n^1 \simeq 341$ Total Sample Sl. No Urban Rural 341 402

## Survey Tools

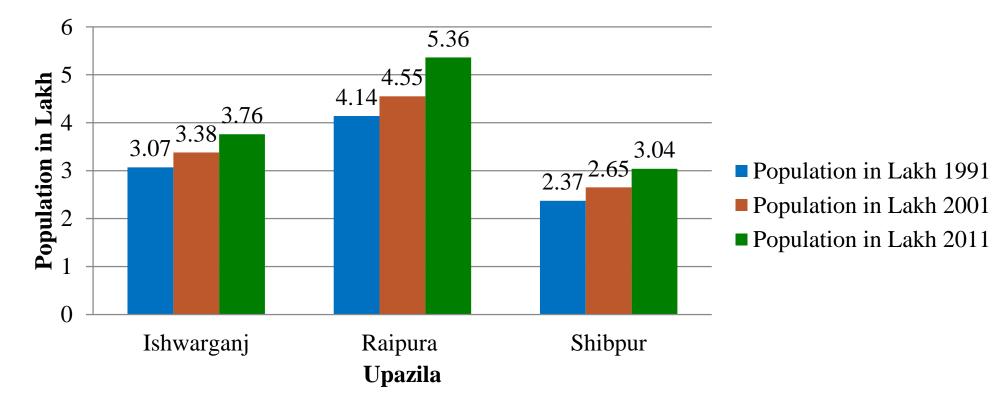

#### **Tools Used**

Literature review

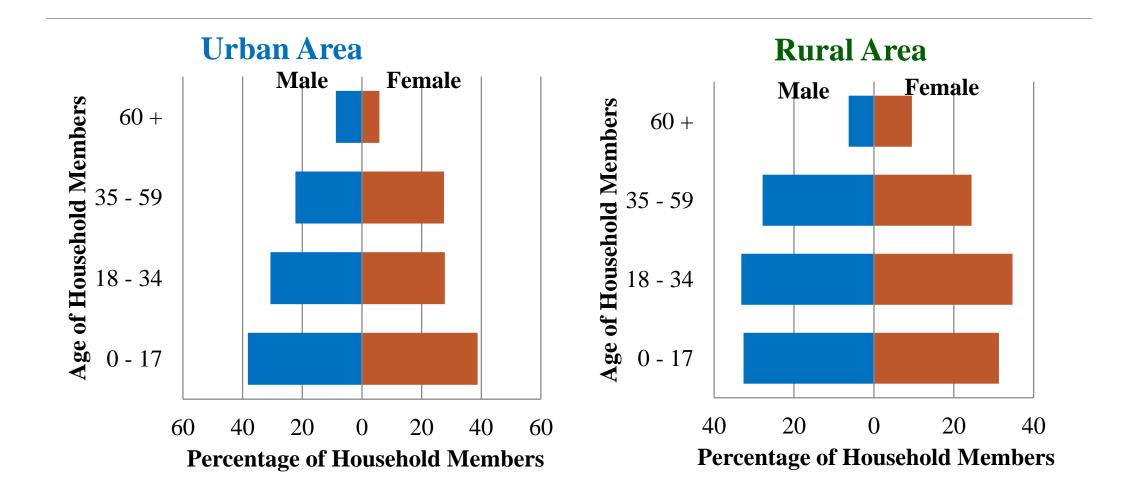

- Census Documents
- **PRA**
- Questionnaire Survey
- □ Field Observation and Notes

## **Major Findings**

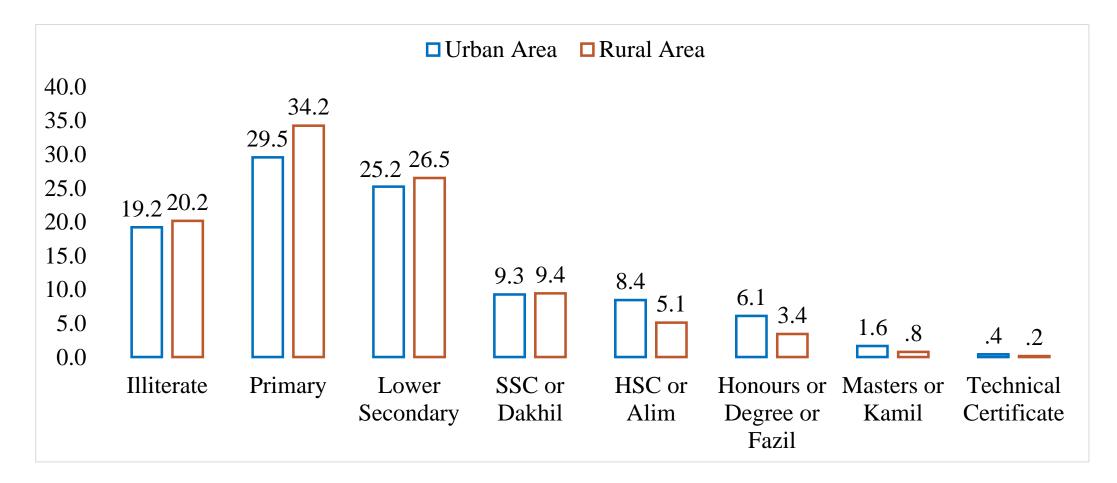

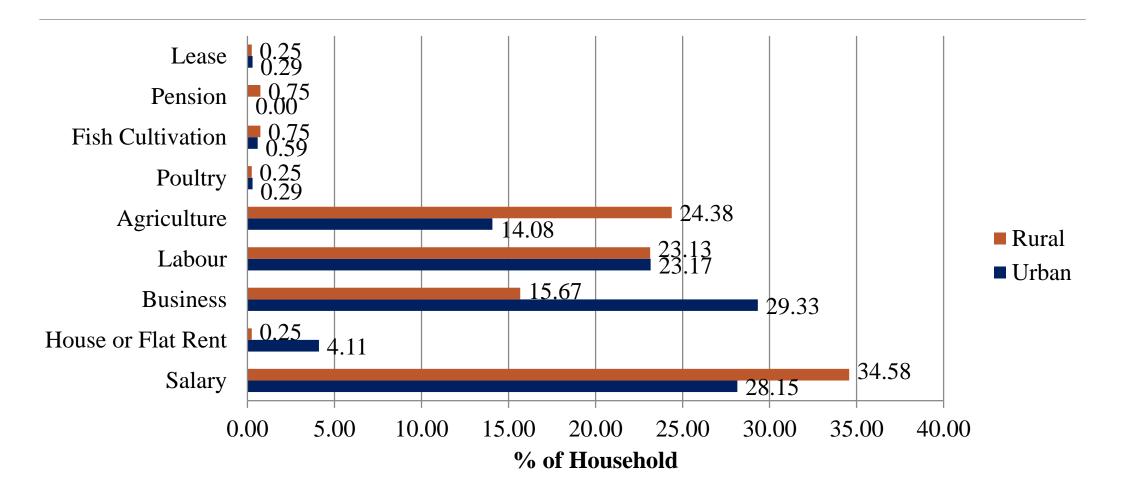

#### Age-Sex Pyramid: Raipura

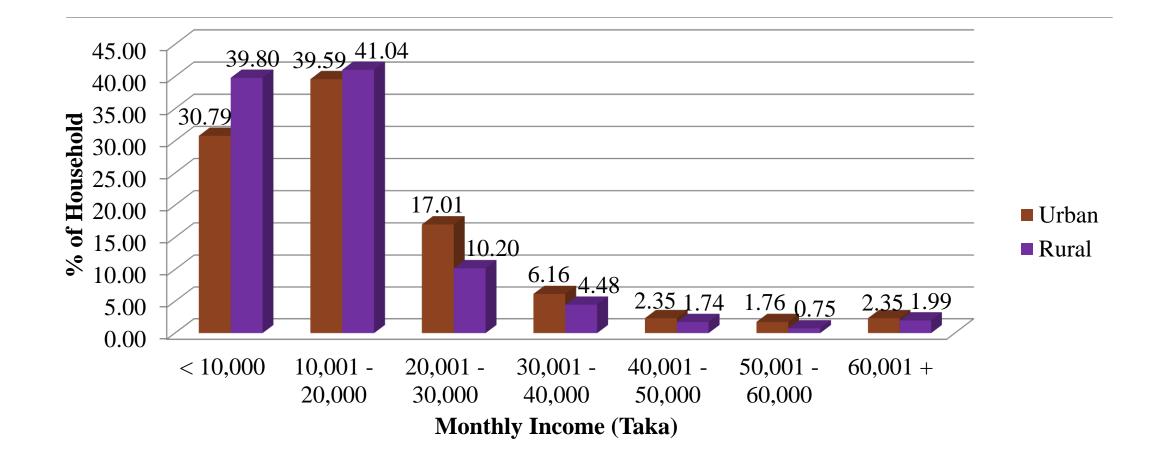

### **Education Level: Raipura**

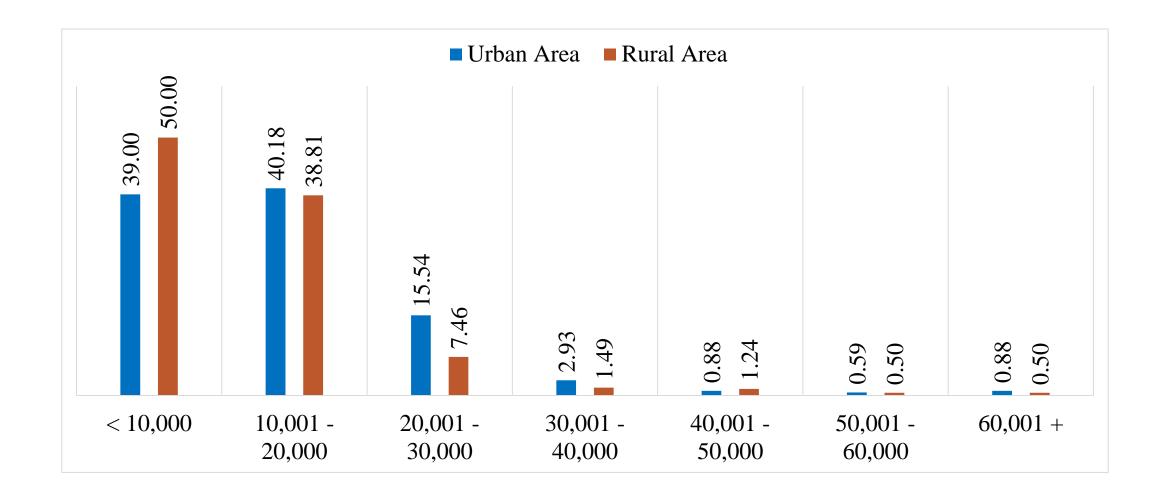

#### Source of Income: Ishwarganj

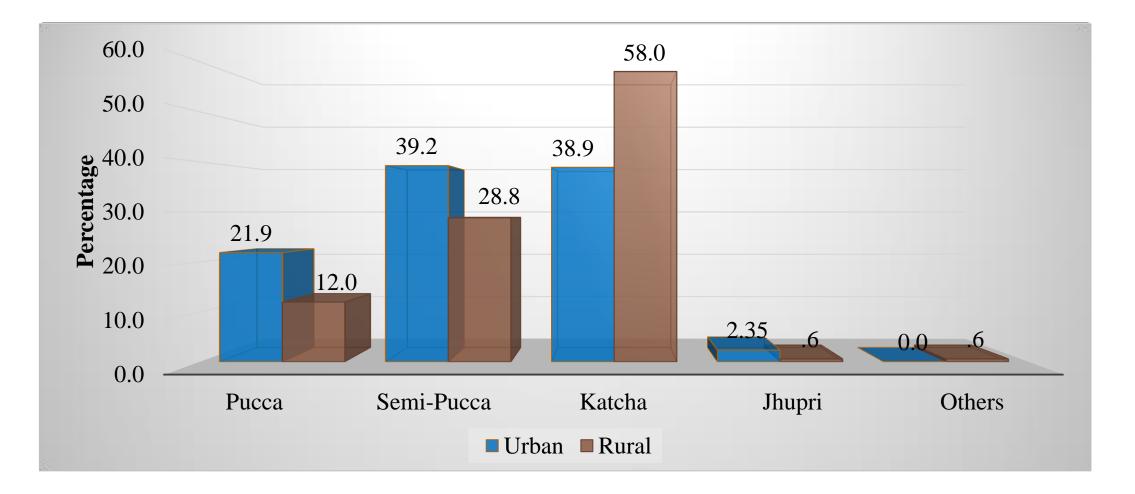

## Monthly Household Income: Ishwarganj

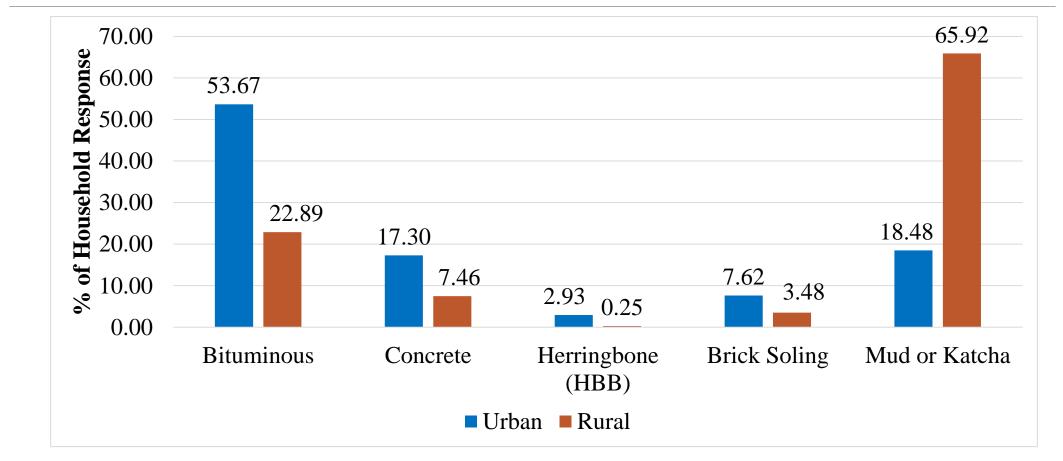

#### Monthly Household Expenditure: Ishwarganj

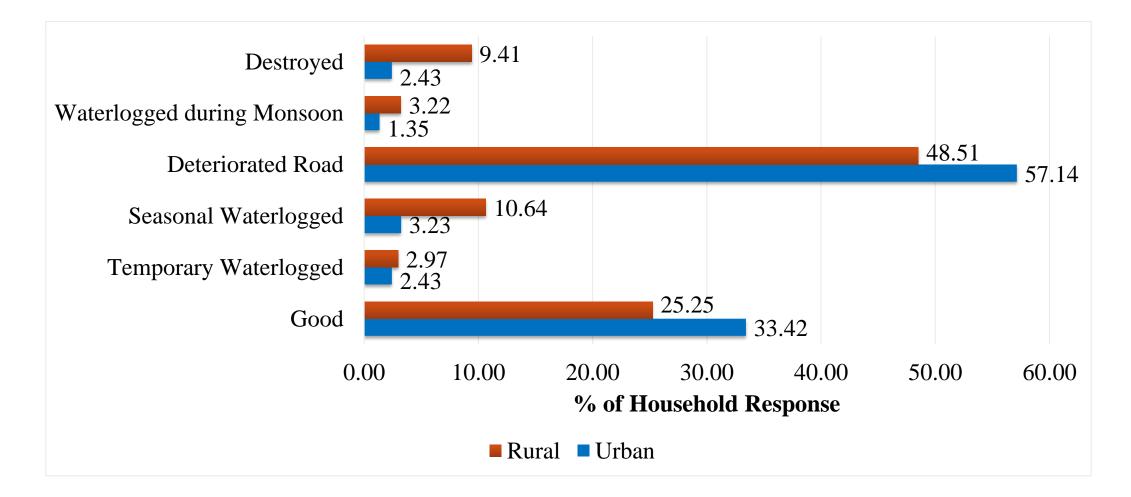

### Housing Condition: Raipura

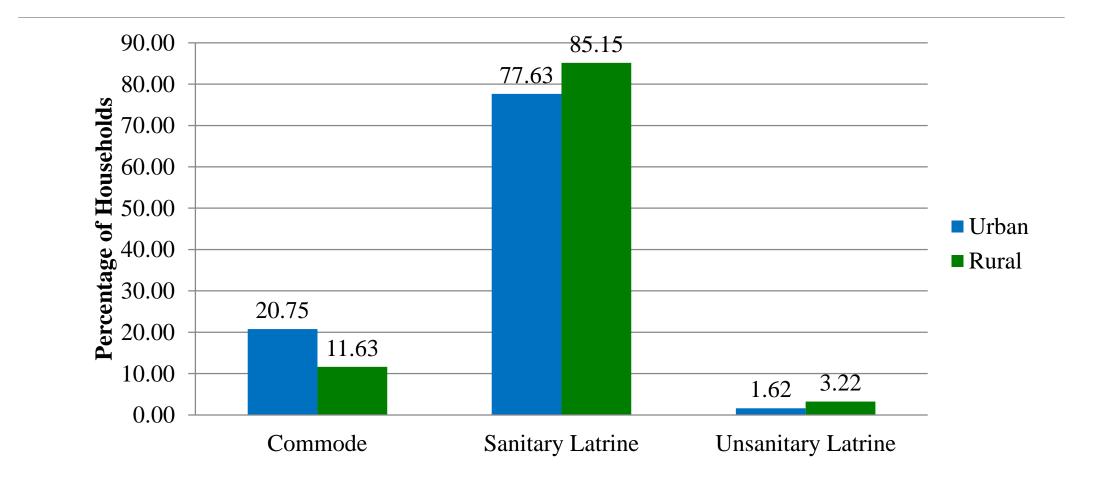

### Types of Road: Ishwarganj

### **Condition of Road: Shibpur**

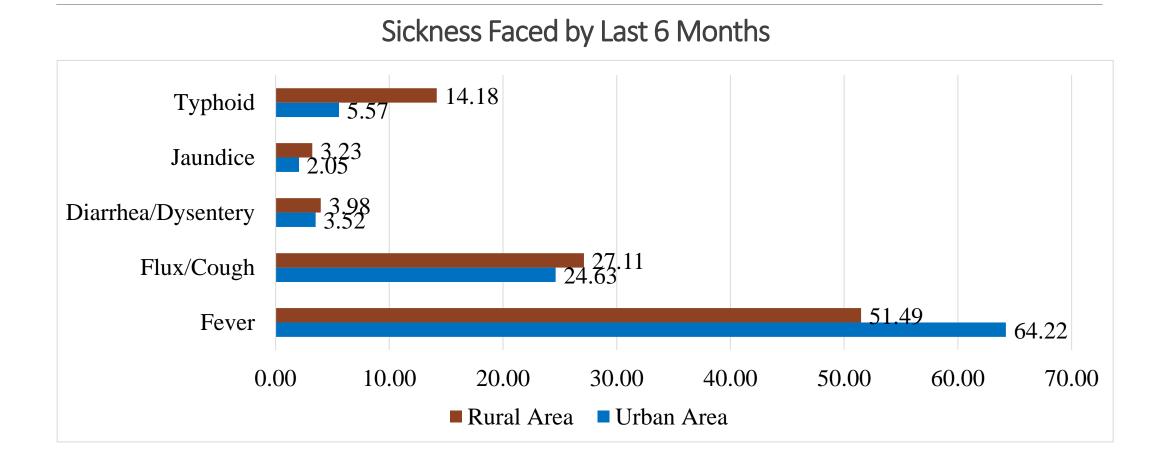

### Sanitation: Shibpur

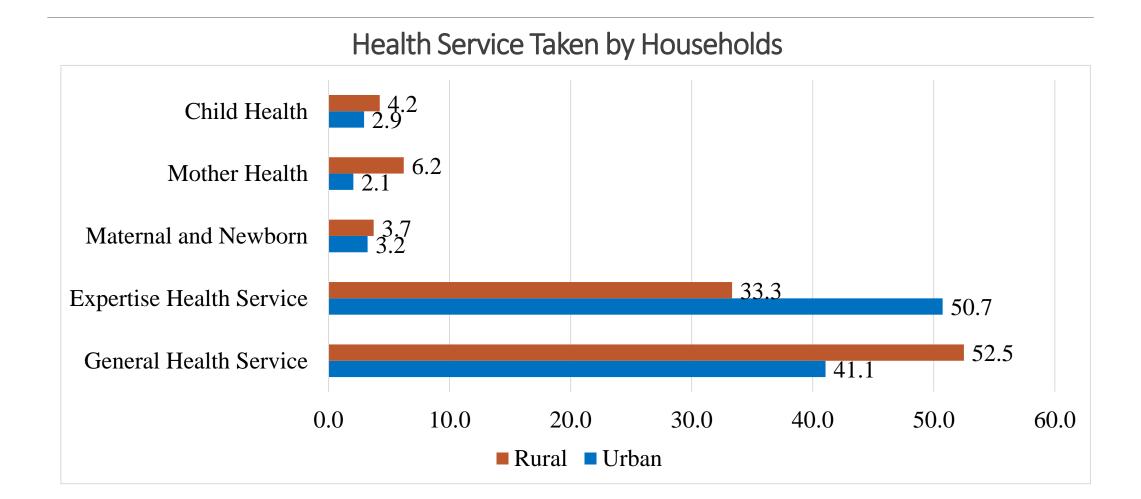

## Waste Management: Ishwarganj

| Waste Management                   | Urban Area |
|------------------------------------|------------|
| Door to Door Collection            | 9.68       |
| Own Management                     | 90.32      |
| Dustbin                            | 3.25       |
| Hole Within Yard                   | 75.00      |
| Lowland Beside House               | 18.83      |
| Canal or River or Small Water-body | 1.62       |
| Beside Road                        | 1.30       |
| Total                              | 100.0      |

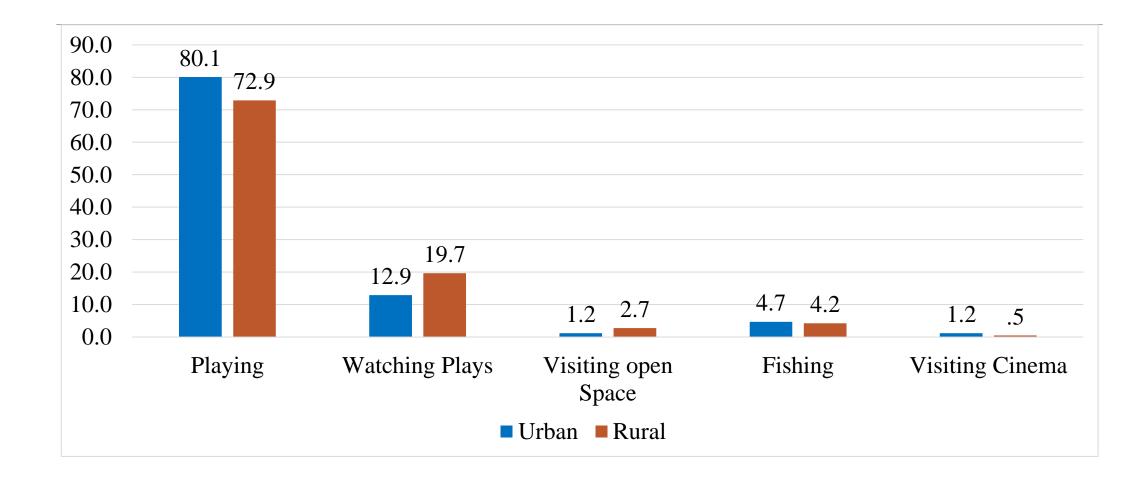

## Health Condition: Ishwarganj

## Health Condition: Ishwarganj

## **Outdoor Recreation: Ishwarganj**

#### Prioritization of Development Works: Shibpur

- □Improve Electricity Supply (23.5 % Households Response).
- □Improve Community Services (22.3 % Households response)
- □Improve Drainage System (15.0 % Households Response)
- Increase Number of Educational Institutions With Facility (11.6 % Households Response)
- Improvement of Road Condition (11.2 % Households Response)
- Improve Health Care Services
- Improve Law and Order Situation
- Setup New Industries
- Improve Recreational Facilities

## **Recommendations for Further Implications**

#### Ishwarganj Upazila

#### Raipura Upazila

#### Shibpur Upazila

Construction of concrete and

wide road in the community.

□ Increase sustainable use of

Improve law and order

natural resources

situations

Construction of concrete and wide road in the community.

Initiatives to develop treatment facilities

Improvement of livelihoods through industrial development.
Balance between number of population and infrastructural facilities.

Improve more Pucca road and repair roads annually

Improve drainage system

Improve educational services

Construction of concrete and wide road in the community.

Improve educational services

Improve law and order situations

Increase sustainable use of natural resources

□ Increase Pucca roads

Improve drainage and sanitation broken roads quickly management systemsImprove recreational facilities

Improve drainage pattern

□ Improve educational services

Improve Pucca roads and repair

Ensure safe drinking water

Thank You
